

Campus Consortium's **Office365® Migration Grant**

Last Date to Apply
November 14th 2018

Overview

Campus Consortium's Office 365® Migration Grant equips your institution with consulting and management services which are a tailored and time-tested approach to ensure your institution's implementation is a success.

Whether you are looking to move away from an existing SharePoint® or other on-premises collaboration platform into a new Office 365® environment, or in need of a proven partner for consulting services on an existing Office 365® implementation, this grant will provide for a solution to meet your exact requirements.

WHY YOUR INSTITUTION NEEDS TO MIGRATE TO OFFICE 365®

 Security	 Reliability	 Compliance	 Compatibility
 Single Sign-on	 Exchange Online	 SharePoint Online	 Lync Online
	 Up-to-date versions	 Office Web Apps	

Disclaimer: This Grant is featured through Campus Consortium in collaboration with its technology partner OculusIT. OculusIT is not a partner or affiliate nor does an agency relationship exist with Microsoft®. OculusIT does not develop, market or distribute these products or services nor do these companies or products endorse the products or services of OculusIT.

Key Components of the Campus Consortium Office365 Migration Grant

Campus Consortium is proud to offer the Office 365® Migration Grant as part of the Campus Consortium Grant Program. Migrating to Microsoft's Office 365® can be a large financial undertaking; licensing costs, man hours, resources, etc.

Campus Consortium is interested in offering educational institutions the chance to alleviate this burden with their Office 365® Migration Grant, which covers up to 50% of project costs related to migrate your users to Office 365® for faster email, cloud storage, and more.

Ensuring A Seamless Transition To A Better Tomorrow, The Grant Offers:

1. FULLY MANAGED ONBOARDING AND MIGRATION OF CUSTOMER DATA:

Our technology partner will manage the migration of your email data (up to 50GB per mail box) from various data sources including Exchange 2003+®, Domino, IMAP, POP3, GroupWise, Gmail and more.

2. ONGOING ADMINISTRATIVE SUPPORT:

Readily address application level problems and keep your workforce operating smoothly, and remove time consuming support obligations from the hands of internal IT staff.

3. ACCELERATED RESPONSE AT EACH LEVEL OF URGENCY:

Our technology partner asserts aid with shorter lead times than those quoted by Microsoft® and steps up the potential resolution that continues to drive business.

4. RAPID AND DIRECT ESCALATION TO MICROSOFT® PREMIUM SUPPORT:

Technology partner will provide a swift, direct escalation to Microsoft® of issues more severe than could be addressed with administrative support.

5. REAL-TIME LIVE ENVIRONMENT MONITORING:

Will enable unparalleled insight into the health of your Office 365® environment, delivering live alerts of outage, malfunction, and other event triggers directly to your critical IT staff.

Disclaimer: This Grant is featured through Campus Consortium in collaboration with its technology partner OculusIT.
