

# GDPR

## Campus Consortium's **General Data Protection Regulation (GDPR) Assessment Grant**

Last Date to Apply

**January 14<sup>th</sup>, 2019**

# Overview

Based on the alarming non-compliance instances, Campus Consortium strives to safeguard individual privacy rights through its first ever General Data Protection Regulation (GDPR) Assessment Grant.

The General Data Protection Regulation (GDPR) is a new European Union (EU) privacy law that came into effect on May 25, 2018. It is designed to give individuals control over their personal data and is an important effort for protecting individual rights and freedoms. The GDPR applies to any organization based in the EU or any organizations—wherever they are located—that are selling goods and services in the EU or processing personal data of individuals from EU.

Organizations that comply with GDPR regulations smoothly and readily will strengthen their relationships with customers by protecting the security and privacy of their data, and providing transparency into policies and principles. Additionally, the robust data management capabilities required to achieve compliance can enable businesses to better engage with customers, empower employees, and optimize the creation and delivery of products and services.

## Benefits of choosing a GDPR Assessment:

-  Security against potential cyber-attacks and data thefts
-  Boosting your organization's reputation as secure for students and staff
-  Data Protection Training to ensure data controller accountability
-  Global data security for individuals with third-party country transactions
-  Improved accuracy of data stored in your organization's database
-  Cut costs by getting rid of data inventory software no longer relevant to your business

## Key Components of the Grant:

Campus Consortium is proud to offer a first of its kind competitive GDPR Assessment Grant in collaboration with its trusted technology partner as part of the Campus Consortium Grant Program. From partial to complete grant funding, the entire process of assessment includes:

1. An onsite visit
2. Thorough audit
3. Recommendation reports for vulnerability assessments under The General Data Protection Regulation

In addition, Grant Awardees will also be eligible for Exclusive Consortium Rates to migrate their infrastructure to the cloud and be disaster ready.

*\*Auditor's travel and lodging will be hosted by the institution and will not be covered in the grant award.*

## QUALIFICATION CRITERIA

1. Applicant must be an education institution or public sector organization.
2. Applicant demonstrates a commitment to implementing the solution (e.g. letter from president highlighting the problem that the solution solves and why the grant would be helpful in meeting strategic objectives).

## HOW TO APPLY

1. Download and fill the grant application form
2. Submit grant applications to [grantapplication@campusconsortium.org](mailto:grantapplication@campusconsortium.org) by 5:00 pm ET on January 14<sup>th</sup>, 2019

## GRANT PROCESS

1. Applications Open on December 3<sup>rd</sup>, 2018
2. Apply for the Grant by January 14<sup>th</sup>, 2019
3. Review of Application by Grant Review Committee by January 21<sup>st</sup>, 2019
4. Grant Award Letter issued to Grant Recipients by January 24<sup>th</sup>, 2019
5. Grant Award Walkthrough by January 28<sup>th</sup>, 2019
6. Execution of Grant Award Agreement by January 31<sup>st</sup>, 2019
7. Project Kick-Off by February 11<sup>th</sup>, 2019

## General Information
